

TROOP 395 MISSION STATEMENT

Our mission is to have better communication between patrol members and patrol leaders after each Patrol Leaders' Council. After each Patrol Leaders Council, the patrol leaders will tell their patrol members what happened in the PLC, such as what decisions were made, any upcoming events, etc. Also, when someone is speaking, all troop members will be respectful and attentive, and will not cause any distractions.

The troop will improve the outdoor program by recruiting qualified individuals who will benefit the troop. Also, the troop will stay active in the church and community by performing service projects and helping those in need. The troop will continue to live by the Scout Oath and Law.
